Practice Greenhealth’s Healthy Interiors Goal is to ensure that furniture placed in healthcare facilities eliminates the use of the following chemicals – formaldehyde, per- and poly-fluorinated alkyl substances and “PFAS”, flame retardants, antimicrobials and polyvinyl chloride (PVC).

Furniture/fabric/products described herein meet Health Care Without Harm’s Healthy Interiors criteria according to the manufacturer. Health Care Without Harm and Practice Greenhealth do not verify this information.

\*Please note that only tables with laminate, solid surface or glass surface options are compliant. Wood veneer surfaces are not compliant.
